Reference: July Quarterly Report (5/9/02-6/30/02)

Dear Ms. Reminsky:

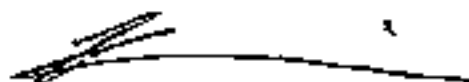

In response to the letter of October 16, 2002 regarding the review of the July Quarterly Report, we have reviewed the results of the review of the report and have the following responses:

With regard to the reimbursements to individuals for transactions other than travel, meals and lodging, please be advised that the descriptions of the items for which the payments were made are clear. For example, with regard to long-distance phone calls, these were calls from several bills to several vendors, regular telephone and cellular, and with regard to office supplies, these were to several vendors at different times. All receipts have been kept for these items. Since the purpose for the payments is clearly set forth and the amounts are not large, we believe it is burdensome and not within the requirements of the Regulations to provide memo entries regarding these items.

With regard to the filing of the required 48-hour notices for the period after the close of the books for the pre-primary report until two days before the primary, we have carefully reviewed our records and believe that we did properly file the required 48-hour notices. We believe that the discrepancy arises from the requirement that we list the contributions received from the W/N 2002 Committee as of the date that those contributions were received by the W/N 2002 Committee even though we did not receive the funds or the itemized list of contributors from the W/N 2002 Committee until after the reporting period for the 48-hour notices had passed.

Please let me know if you have any questions or comments regarding this letter. I can be reached at (208) 395-6302.

Sincerely,

Kaye L. O'Riordan
Treasurer
Craig for U.S. Senate
